# ASSESSMENT SWIM FORM 2025

<u>i)</u>	This form must be received no later then 14 days before the swim tide and no later than 31st July

Reg No. 25 - CSPF /	(for office use)
---------------------	------------------

#### **Notes**

Read the current CS&PF information and rules on http://cspf.co.uk before completing this form

- This Assessment Swim Certificate should be included, if possible, with your Solo or Membership form. Completed and signed form can be sent to the CS&PF by uploading its scan during the completion of either Solo or Membership online forms or alternatively emailed to office@cspf.co.uk.
- This form must be received by the CS&PF no later than 14 days prior to the start of your swim tide for your attempt and no later than 31st July (whichever is earlier), failing which your application will be invalid, unless confirmed in writing by the CS&PF in its discretion. This form is not for use for any other purpose.
- It is the responsibility of all swimmers to consider and assess their swimming aptitude, ability and fitness in the context of an
  attempt to swim the English Channel as part of a relay team or as a solo crossing (as applicable) under the auspices of the
  CS&PF, as well as researching and assessing the risks presented by the range of possible conditions which may be faced as
  part of that attempt.
- This Assessment Swim Certificate is to help provide the CS&PF and your pilot with evidence that each applicant has carried out that self-assessment.
- The form must be used to provide details and evidence (e.g. by attaching relevant documentary proof) that you have satisfactorily completed a required swim, as follows: For a solo attempt a 6-hour swim in water 61°F/16°C or less (or proof of completion in a recognised event for a period considered by the CS&PF to be an acceptable alternative) wearing no clothing or aids to enhance heat-retention, buoyancy or speed and conducted at any time up to 18 months before the start of the tidal period during which you have booked your swim
- For a relay attempt a swim of at least 1.5 hours swim then leave the water for a minimum of 1 hour and a maximum of 1.5 hours then return to the water and swim for 1 more hour in water 61°F/16°C or less wearing no clothing or aids to enhance heat-retention, buoyancy or speed and conducted at any time up to 18 months before the start of the tidal period during which you have booked your swim.
- These swims are short compared to your Channel swim attempt and should not be treated as training swims. Your training should include regular swims of longer durations.
- Relay team leaders: It is your responsibility to assess your and your team's ability and make everyone aware that they are responsible for their own actions and the care of the other team members.
- You acknowledge and accept that the completion of a required 6-hour swim (for a solo) or required relay assessment swim as described above in no way implies any representation by the CS&PF that you have completed sufficient training or that it's appropriate for you to make such an attempt.
- The observer on an assessment swim must be a person over the age of 18 who is prepared to put their name, signature and contact details on the form to attest that they have witnessed the assessment swim.
